

Personal Enrichment & Curriculum Programs

Our Personal Enrichment Program and Curriculum is focused on developing and supporting the social and emotional wellbeing of all our students.

Its core aim is to develop resilient, independent, adaptable and innovative thinkers who have a passion to learn, the courage to take risks and the confidence to apply their learnings in a vibrant learning community.

Students learn to cope with diversity and the challenges that life can bring! They develop specific skills to strengthen their relationships and build positive emotions, promote mindfulness and encourage a healthy lifestyle. Happy students learn!

House Program

Our strong culture is enriched by the House Program at Hazel Glen College and provides an important role in supporting the wellbeing of all students.

House Patrons are notable Australians who are positive role models for our youth. Throughout the year our students participate in House Events such as Sporting Carnivals and Performing Arts.

Leadership Program

Our leadership program focuses on building leadership capacity in our students to ensure that our culture and College values are embedded into everyday life. Our student leaders play an important role in embracing the College vision and reflect our values to promote a positive climate of student engagement and wellbeing across the College.

Camping Program

Our camping program fosters a love of recreation and outdoors by providing opportunities for students to be independent and to gain an understanding of the natural environment and their responsibilities within it.

It develops positive relationships and community spirit outside the College setting.

College Facilities and Services

Wellness Centre

Our Wellness Centre is home to the HGC Fit Program and uses state of the art fitness equipment and solutions that support you to reach your fitness goals and improve your overall health. Our membership options are available to students, staff, parents and the greater HGC community, with programs designed by passionate fitness coaches and delivered in a safe, fun and enjoyable environment (without over-priced gym memberships!).

Our Programs include: Teen Gym, Parent Program, Personal Training, Group Fitness and High Performance Programs. Classes include boxing, circuit, HIT training, strength, cardio and core, and general gym access.

Teen Gym - Our Teen Gym program caters for all fitness levels and is a great way to improve our students' overall fitness and health, as well as meet and make new friends - all under the guidance and supervision of our professional HGC trainers! Memberships offer lunch-time and after school training times and can be designed specific to individual fitness goals and needs.

Café 115

With an exciting selection of barista made coffees to choose from, as well as an array of scrumptious snacks and meals (including breakfast and lunch) prepared by our Chef, Café 115 certainly delivers! Conveniently located on site at HGC (next to the Theatre), Café 115 provides a warm and friendly atmosphere and welcomes our HGC community to pop in for a quick coffee before or after school pick up/drop off, catch up with friends for lunch or simply take a respite from your hectic day! Hours 7.00am to 2.30pm.

'Our commitment to providing a challenging, enriching and supportive learning environment through our core values captures the essence of what it is to be a Hazel Glen College student.'

*Learners today
Leaders tomorrow*

Welcome to Hazel Glen College

I extend a warm welcome to prospective students and families at Hazel Glen College.

I am incredibly excited for the opportunity to present to you a College that is enriched with a culture that is built on strong foundations and values, and respectful partnerships between our staff, students and families.

I have the highest expectations of our teachers and am extremely proud of the passion and dedication they have in ensuring that all of our students are provided with an inspiring, challenging and rewarding educational experience – one that is focused on educating their minds, body and spirit.

Our state of the art 21st Century facilities support and recognise the importance of individual learning styles and embrace the evolving world of technology. We promote and encourage our students to reach their academic capability and be responsible global citizens and leaders across our College community – to be 'Learners Today' who will be 'Leaders Tomorrow'.

Darryl Furze
Principal

Our College Community

We are committed to being a high performing College that reflects and represents our diverse and broad community, that engages and inspires a positive culture built on mutually trusted relationships where students, staff, families and the community are connected. We share and reflect the College values and ensure that Hazel Glen College is a place where students can thrive and reach their potential.

We take great pride in supporting the health and wellbeing of our students and believe that self-understanding builds self-esteem and motivation to approach and tackle life with confidence and passion.

To help our students reach their optimal achievement in their educational, physical, social and emotional development, we recognise the importance of positive partnerships between our parents/families and the College.

Our Unique Structure

We offer a unique opportunity for students to attend one College for their entire schooling life. Our College Emblem reflects a seamless pathway from our Kindergarten to Year 12, and is defined by the stages of learning as Kindergarten, Early Years (P-4), Middle Years (5-8) and Senior Years (9-12), all on the one site.

Our modern, innovative and flexible learning spaces encourage collaboration and provide opportunities to share knowledge and develop thinking skills across all academic disciplines.

Junior School (Prep - Year 4) – Laying the Foundation

In the Junior School our curriculum focuses on developing the fundamental knowledge, skills and behaviours in literacy and numeracy and other areas including physical and social capacities that underpin all future learning. Our classrooms are warm, caring and supportive environments which encourage our students to take risks, have high expectations and do their best.

In Junior School we provide the very best educational journey in a caring, community environment to ensure our students are successful life-long learners.

Middle School (Year 5-8) – Building Breadth and Depth

This period of growth and development in children is associated with early adolescence which begins to emerge in Year 5. It is characterised by the physical changes of puberty, an emotional progression from dependence to independence. We build curriculum programs to progress beyond the foundations of learning, and engage and reflect the needs of adolescence.

Year 9 – Experiential Learning Program

Year 9 students benefit from a stimulating, challenging and rewarding curriculum that caters for diversity in learning styles and abilities that take them beyond the College boundaries to relate theoretical learning in the classroom to the real world. In Year 9 students are treated as young adults and are guided in their decision making to assist them in becoming independent and responsible adults.

Senior School (Year 10-12) - Pathways

In Senior School our students are supported to make important choices whilst building their own personalised curriculum that will lead them on to future success as learners and workers in the 21st Century. Students choose from a wide range of traditional and contemporary subjects that will suit their interests and develop their skills for the future. The two certificated pathways through Senior School are the VCE (Victorian Certificate of Education) and VCAL (Victorian Certificate of Applied Learning). Both Pathways programs can be complemented with a VET (Vocational Education and Training) subject that gains an industry related qualification chosen from a range of subjects.

Queen's Scout Award – Building on our partnership with Hazel Glen Scouts, Year 10 students undertaking the 2 year Queen's Scout Award will develop their leadership and adventure skills whilst deepening their connection with community. Students are provided the opportunity to complete two VET courses (Cert II in Business & Cert II in Outdoor Recreation) and on successful completion will be eligible to apply for early entry to tertiary institutes such as RMIT, La Trobe and Victorian and Australian Catholic Universities.

Elective Programs

Year 9 and 10 students choose from an extensive and varied list of approx. 25 electives to study that will deepen their passions and interest, and further engage them in their learning. Please visit the Year 9 & 10 Program guides on our website for a full list of electives we currently offer.

Specialist Programs

We offer extensive opportunities in our specialist programs which are designed to excite, engage and broaden our students' knowledge and experience in the areas of STEAM (Science, Technology, Engineering, Art & Maths) including Robotics, Wood Tech & Design, Food Technology, 3D, Visual and Digital Arts and in Performing Arts (eg musical theatre, dance), Languages and many more.

Extra Curricula Programs

Our extra curricula programs provide opportunities for students to expand on their interests and passions by gaining exposure to different sports and activities that strengthen connections and relationships across the College with both teachers and peers.

We focus on all students feeling valued and engaged by challenging and inspiring them through our High Performance Sporting Programs (including our new Teen Gym Program), representing HGC in sports teams, Performing Arts Programs (eg choirs, production, dance, music, band and onsite private music tuition), lunch time clubs and much more.
