BACKGROUND AND LEGISLATION

BACKGROUND

Regulation 168(2) (n) of Education and Care Services National Regulations 2011 requires that approved providers have a comprehensive written fees policy, and the content of this policy must be communicated to families. The policy must include a written statement about the fees to be charged and the payment process. All families must be informed of applicable fees at the time of enrolment.

Australian families receive help with the cost of child care through the Child Care Subsidy (CCS). The Australian Government, through the Department of Education (DE) and Services Australia, administers the Child Care Subsidy (CCS). Providers must be approved by the department to receive CCS.

DE is responsible for the legislation that underpins CCS. This legislation is called Family Assistance Law (FAL). All providers that receive CCS must follow the rules under FAL. DE monitors providers' compliance with FAL.

The Australian Government subsidises the cost of child care. State and territory governments are responsible for the health, safety, wellbeing and educational outcomes of children.

The Australian Government considers that immunisation is an important health measure for children and their families, as it is the safest and most effective way of providing protection against harmful and often deadly diseases. To meet the Child Care Subsidy immunisation requirements, children must be immunised according to the standard vaccination schedule, be on an eligible catch-up vaccination schedule or have an approved exemption from being immunised.

CCS is paid directly to approved providers and passed on to families as a fee reduction.

Additional Child Care Subsidy provides additional fee assistance to support vulnerable or disadvantaged families and children. This support recognises the preventative and protective influence of quality child care on a child's health, wellbeing and development; and the importance of continuity of care.

There are four different payments under Additional Child Care Subsidy:

- Additional Child Care Subsidy (child wellbeing)—to help children who are at risk of serious abuse or neglect.
- Additional Child Care Subsidy (grandparent)—to help grandparents on income support who are the principal caregiver of their grandchildren.
- Additional Child Care Subsidy (temporary financial hardship)—to help families experiencing financial hardship.
- Additional Child Care Subsidy (transition to work)—to help low-income families transitioning from income support to work.

The Inclusion Support Program is designed to assist approved providers to include children with additional needs by providing support, in the form of practical and tailored advice and strategies on effective inclusive practice, from contracted Inclusion Agencies as well as funding to address more challenging inclusion barriers.

The Community Child Care Fund is designed to help eligible child care providers address barriers to child care participation, particularly in disadvantaged communities, including Indigenous communities.
