# **Privacy Collection Notice**

Information for students, parents and carers

The Department of Education (the department) values your privacy and is committed to protecting the personal and health information that schools collect.

All school staff must comply with Victorian privacy law and the <u>Schools' Privacy Policy</u>. This notice explains how the department, including Victorian government schools (schools), handles personal and health information. On occasion, specific consent will be sought for the collection and use of information, for example, for a student to receive a health service. Our schools are also required by legislation, such as the *Education and Training Reform Act 2006*, to collect some of this information.

Throughout this notice, 'staff' includes principals, teachers, student support service officers, youth workers, social workers, nurses and any other allied health practitioners, and all other employees, contractors, volunteers and service providers of the school and the department.

On enrolment, and during the ordinary course of a student's attendance at a school, schools will collect information about students and their families for the following purposes:

- educating students
- supporting students' social and emotional wellbeing, and health
- fulfilling legal obligations, including duty of care, anti-discrimination law and occupational health and safety law
- communicating and engaging with parents
- student administration
- school management
- supporting policy in relation to student education and wellbeing.

If this information is not collected, schools may be unable to provide optimal education or support to students or fulfil legal obligations.

For example, our schools rely on parents to provide **health information** about any medical condition or disability that their child has, medication their child may take while at school, any known allergies and contact details of their child's doctor. If parents do not provide all relevant health information, this may put their child's health at risk.

Our schools also require current, relevant information about all **parents and carers** so that schools can take account of safety concerns that affect their children. Parents should provide schools with copies of all current parenting plans and court orders about or that affect their children and provide updated copies when they change.

When parents enrol their child in primary school, they will be asked to provide personal and health information in several ways, including via the Enrolment Form, the <u>School Entrance Health Questionnaire</u> (SEHQ) and the <u>Early Childhood Intervention Service</u> (ECIS) Transition Form.

The **Enrolment Form** is used to collect information that is essential for the purposes listed above, and requests information such as:

- Emergency contacts Individuals parents nominate for a school to contact during an emergency. Parents should ensure that their nominated emergency contact agrees to their contact details being provided to the school and that they understand their details may be disclosed by the department if lawful, e.g. in the case of emergency communications relating to bush fires or floods.
- Student background information Information about country of birth, Aboriginal or Torres Strait Islander origin, language spoken at home and parent occupation. This information enables the department to allocate appropriate resources to schools. The department also uses this information to plan for future educational needs in Victoria and shares some information with the Commonwealth government to monitor, plan and allocate resources.

- Immunisation status This assists schools to manage health risks and legal obligations. The department may also provide this information to the Department of Health and Department of Families, Fairness and Housing to assess immunisation rates in Victoria, but not in a way which identifies students.
- Visa status This is required to process a student's enrolment.

All schools may use departmental systems and online tools such as apps and other software to effectively collect and manage information about students and families for the purposes listed above.

When schools use these online tools, they take steps to ensure that student information is secure. If parents or carers have any concerns about the use of these online tools, please contact the school.

School staff will only share student and family information with other school staff who need to know to enable them to educate or support the student as described above. Information will only be shared outside the school (and outside the department) as required or authorised by law, including where sharing is required to meet duty of care, anti-discrimination, occupational health and safety, and child wellbeing and safety obligations. The information collected will not be disclosed beyond the school and department without parent consent unless such disclosure is lawful.

When a student transfers to another school (including Catholic, independent and interstate), personal and/or health information about that student may be transferred to the next school. Transferring this information is in the best interests of the student and assists the next school to provide the best possible education and support to the student. For further detail about how and what level of information is provided to the next school, refer to the: Enrolment: Student transfers between schools

Schools only provide school reports and ordinary school communications to students, parents, carers or others who have a legal right to that information. Requests for access to other student information or by others must be made by lodging a <u>Freedom of Information</u> (FOI) application.

To update student or family information, parents should contact their school.

For more information about how schools and the department collect and manage personal and health information, or how to access personal and health information held by a school about you or your child, refer to the: <u>Schools' Privacy Policy</u>

The information requested in this form is required for enrolment purposes. This information is collected to plan for and support the educational needs of your child.

This form should be completed by parents or carers who are responsible for enrolling their child. It is the responsibility of the person completing this form to consult with all other adults that need to be involved in the enrolment process. Parents or carers can co-sign the same form or complete separate forms if personal details are unable to be shared between them.

If required information is not provided or there is a dispute between parents or carers about a child's enrolment, the enrolling principal is required to consider the student's education and wellbeing when deciding whether to defer or accept the enrolment.

Only one enrolment form should be submitted per student. By completing and submitting this enrolment form, you are accepting a place for your child at the specified school (subject to any further checks required by the school).

All schools across Australia are expected to collect the same information. Questions marked with a  $\diamond$  are asked as a requirement of the Commonwealth Government to meet data collection, funding and reporting requirements under the Australian Education Regulations 2013.

### Head Lice Inspection

Throughout the year, the school will be arranging head lice inspections of students when it is felt necessary in a particular class, year level or even the entire college.

The management of head lice infestation works best when all children are involved in our screening program. The school is aware that this can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

Before any inspections are conducted, staff will explain to all students what is being done and why, and it will be emphasised to students that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if they know they have them, they can do something about it.

The inspection of students will be conducted by a school staff member who has been trained by Whittlesea City Council or Whittlesea City Council nurses. The person conducting the inspections will physically search through each student's hair to see if any lice or eggs are present.

In cases where head lice are found, the person inspecting the student's hair will inform the student's class teacher and the principal. The college will send a written notice home with the child and provide parents with comprehensive advice about the use of safe treatment practices which do not place children's health at risk.

Please note that health regulations requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced.

I hereby give consent for my child to participate in the school's head lice inspection program for the duration of their schooling at Hazel Glen College.

The VCAA collects the information requested in this form, which includes personal information within the meaning of the Privacy and Data Protection Act 2014 (Vic), for the purpose of registering a student on the VCAA's database. This supports schools in preparing students for entry into VCE or VPC by ensuring they capture as early possible the required information for the administration of their VCE or VPC education.

The personal information collected in this form will be disclosed to and used by relevant VCAA employees and/or contractors for and in connection with the above mentioned purpose. Personal information that is registered on the VCAA's database will also be accessible to the student's school. If the requested personal information is not provided, an individual will not be able to be enrolled onto the database, this may slow or delay that individual's enrolment process when it comes to commencing VCE or VPC.

An individual may request access to personal information the VCAA holds about them and request its correction if inaccurate. Initial enquiries regarding access to personal information held by the VCAA in relation to this form can be made by contacting the VCAA Student Records and Results Unit on (03) 9032 1742.
